[redacted] a destroyer with the following distinguishing marks was seen running on course northeast at high speed about 30 seamiles southeast of Ystad: flush, continuous deck, two plump stacks of almost equal height, and with large space between them; two masts on twinpod or tripod, with the first mast closely drawn to the command bridge forward of the first stack and the second mast forward of second stack but somewhat stepped aft of stack; a large, longish bulb on the foc'sle. [redacted]

[redacted] the Soviet ensign was clearly seen. A star either painted or as relief work was seen at the upper edge of the bow.
